BEST-U General Objective

BEST-U project promotes the bestwateruse technologies in order to improve the performance of the wastewater treatment and the efficient use of water resources and to contribute to the development of the region in the framework of the Operational Program Greece - Bulgaria 2014-2020, which is a cross-border cooperation program funded by the European Union under the European Regional Development Fund. The Program aims at promoting cross-border cooperation by bringing together the financial assets of the cross-border area in order to strengthen the development of the region and its population into a centre for sustainable development.

BEST-U Objectives

Цели на проекта са да се повиши ефективността на използването на водните ресурси и да се подобри качеството на водата и да се увеличи устойчивостта на региона в рамките на Оперативния програма Гърция - България 2014-2020, който е трансгранично сътрудничество, финансирано от Европейския съюз в рамките на Европейския фонд за регионално развитие. Програмата има за цел да стимулира развитието на региона и неговото население като център за устойчиво развитие.

Final Output BEST-U

The objective for implementation is delivery of a Cooperation Programme GREECE-BULGARIA 2014-2020. The objective for final use is the Best Water Use (BEST-U) for cross-border area (Bulgaria and Greece). The objective for implementation is the development of the region and its population into a centre for sustainable development.
